## PROFILE SUMMARY

I am a Full stack developer from Kyiv, seeking an entry-level position with the company to use my skills in coding, troubleshooting complex problems, and assisting in the timely completion of projects. I have sound knowledge of HTML, CSS, JavaScript, TypeScript and React. Also, I have hands-on experience in following Agile/Scrum methodology when working in a team. I am a fast learner, responsible, and ready for challenging tasks.

My previous work experience has helped me develop responsibility, hard work, a quick learning style, attention to detail, and teamwork.
